

*Interventional pulmonology  
and pathology through clinical practice*

*Saturday 23.06.2018.*

*Hotel 88 rooms, Takovska 2, Belgrade*

*08:15-08:20 Welcome message by President of Respiratory Society of Serbia  
prof. V. Vucinic Mihailovic*

*Session I* *Chairs: Marioara Simon, Aleš Rozman, Milena Encheva*

*08:20-08:45 EBUS in obtaining genomic tissue samples in lung cancer  
S. Bilaceroglu*

*08:50-09:15 To the airway and beyond-navigational bronchoscopy  
N. Koufos*

*09:20-09:45 Bronchoscopic lung volume reduction-why, when and to whom  
P. Emmanuil*

*09:50-10:15 Hot topics in cryotechnologies  
M. Simon*

*Coffee break 30 min (10:20-10:50)*

*Session II* *Chairs: Semra Bilaceroglu, Nikos Koufos, Zivka Uskokovic Stefanovic*

*10:50-11:15 Rigid bronchoscopy & electricity - powerful tools in interventional  
pulmonology  
S. Popevic*

*11:20-11:45 Why laser in central airway obstruction?  
E. Budisin*

*11:50-12:15 Intraluminal brachytherapy (ILBT) today  
N. Lalic*

*12:15-12:35 Stents-pro et contra?  
M. Encheva*

*Coffee break 12:40-13:10*

*Session III* *Chairs: Lina Zuccatosta, Philip Emmanouil, Sevda Cömert*

*13:10-13:35 Interventional thoracic ultrasonography in clinical practice  
Sevda Cömert*

*13:40-14:05 Medical thoracoscopy- by pulmonologist?  
A.Rozman*

*14:10-14:30 Am I „too interventional“?  
Z. Uskokovic Stefanovic*

*14:35-15:40 Lunch*

*Pathology and IP joint meeting* *Chairs: Zivka Eri, Izidor Kern*

*15:40-16:05 Tissue requirements in era of molecular and immunotherapy of lung cancer  
Z.Eri*

*16:10-16:35 Tissue and liquid biopsy  
I. Kern*

*16:40-17:05 ROSE for pulmonologists?  
L. Zuccatosta*

*17:10-17:40 Conclusions, group photo, closing remarks*
